GREEN LABEL PRODUCTS

Our green label products are made with specially selected meats, sea salt, herbs and spices, honey or organic sugar and, in some cases, wine or starter cultures.

We do not add any nitrates or nitrites to our green label products.

All other products are cured traditionally and may contain sodium nitrate, however, it is typically less than what you will find in green-leafed organic vegetables.

The curing of meat is a century-old tradition, which yields the typical cured flavour, which makes bacon taste like bacon and not like roast.

If you have any questions, comments or would like to purchase our products, please call us, e-mail us or visit us. We are located in the beautiful Granville Island Public Market.

Box 126 - 1689 Johnston Street
Granville Island Public Market
Vancouver, BC V6H 3R9
